

Both Unique and innovative, the new range of GYS Premium dent pulling equipment is designed for ease of use in the Body shop, GYS engineers have improved design and ergonomics while retaining strength and pulling power of the original GYS range. The new GYS Premium range has the benefits of reduced weight and has also been re balanced to enable effortless operation using only one hand.

- ✓ Lighter and re-balanced products
- ✓ Innovative flexible pad system
- ✓ Easier and quicker set-up
- ✓ Compatible and interchangeable parts between the different models
- ✓ Multi-position feet with shape memory
