

Easy to use, the pneumatic drill with automatic chuck allows fast and efficient work. A classic drilling machine, it has a high torque and a right/left auxiliary handle. Equipped with a Ø13mm chuck, it can be used for large drillings, with conical or stepped drills, with hole saws and even drills to be removed.

## DRILLS SET

- Basic drill bit
- Depointer drill bit
- Tapered drill bit
- Stepped drill bit
- Hole saw
- Etc...

## DESIGNED FOR WORKSHOP USE

- ✓ Good impact and drop resistance
- ✓ High torque
- ✓ Uses any type of drill bit
- ✓ Swivel handle
